

From Success to Significance

- ✓ You have achieved the aspirations, goals and dreams of your youth.
- ✓ Your accomplishments have given you great pleasure as you have attained the levels of respect you so richly deserve.
- ✓ Degrees, credentials, titles and positions have reflected your stature within your community.
- ✓ Your financial security has been carefully assured, lacking nothing in your rise to a leisure-complete lifestyle.
- ✓ Homes, automobiles, airplanes, boats, jewelry, art and collections are yours; you want for nothing as you can have anything you desire.
- ✓ Your children have attended the best universities, their careers and their families are comfortably secure.

Clearly, you are successful!

But . . .

***On the grand stage of life,
how are you really measured?***

***Will you be remembered fondly,
or just easily forgotten?***

Now is your time to become truly significant

Consider Your Opportunity to Become Significant

Inspired Life offers you the opportunity to measure your success in terms of great significance - your own personal Inspired Life.

We provide a suite of unique tools and understanding to blend your personal estate and business holdings with your own carefully structured legacy building charity in the significant tradition of Howard Hughes, J. Paul Getty, Paul Allen and Bill Gates.

We provide a new perspective and execution of your personal social dollars — those dollars you share with others through your taxes and charity.

Significance is not about saving, avoiding or even minimizing taxes, nor is it about increasing your charitable donations.

Significance is about you taking responsibility and complete unfettered control over your social dollars through your own personal charity.

This is the opportunity to harmonize your estate planning and asset protection into one comprehensive expression, where you have the joy of day-to-day control.

Within each of us there is a driving force, an inner need to be charitable and sharing. We also have a desire for hands-on influence over the actual charitable use of our personal resources.
